

Now

With F.M.L.

Drove by a construction site at the corner of Fourth and Travis a late-week day last week and saw at least a dozen men looking at the ground.

You might guess someone at your Herald already knew why.

News editor Bess Jeter already was looking at a sample or two of the bottles taken from excavation areas at the site of a new service station.

One is a crock bottle now belonging to Pam Mitchan in the layout department. Such is valued at \$35 by people who are supposed to know. A trademark of "Grosvenor of Glasgow", Scotland, I suppose, was near the bottom.

Others included old wine or whiskey bottles and medicine bottles.

About 40 of the crock bottles turned up under the blade of a front-end loader.

Site is location of the old W. T. Hefley home, long since removed, also used before dismantling as a home and small hospital by a Dr. Brewer. Bottles lined flower beds when the Hefleys lived there, a common practice when people kept flower gardens in earlier days.

The house also had an iron fence and barn nearby. Hefley built several imposing structures in Cameron in his day, good authority advises.

Streets passing both sides of the site are highways now and the site will see tens of thousands of vehicles pass over.

All kind of spirits can be found in bottles, can't they?

NOW-NOW-NOW

NOW thanks

City Will Host Junior Livestock Show Saturday

Preparations are being completed and entries counted for the 25th annual Milam County Junior Livestock Show, to be held in Cameron Saturday, January 16.

The show will be held in the Cameron compress building with judging Saturday morning.

Milam County boys and girls from 4-H clubs and FFA chapters will be competing for trophies, ribbons, and prize money for the best animals.

Tickets are on sale now at \$1 each for a butcher calf and a butcher hog to be given away Saturday. Proceeds from the tickets are used to finance the show.

The tickets may be obtained from 4-H Club and FFA members, and from Ed Laywell or Danny Phillips.

One hundred and five entries were counted in last year's show.

Driller Testing East Milam

Houston Corp. Assembles Big Lease Block

By Lloyd Albertson

Febco Oil Corporation of Houston has scheduled a wildcat for the Crossroads area of east Milam County, confirming rumors of a month or more that it had plans to drill a test in that section of the county.

Febco reportedly had received a permit the week before from the Oil & Gas Division of the Railroad Commission to drill on a Peter C. Gibson tract, but cancelled it, replacing it with a different location in the same area.

The new location for the wildcat will be on a 40 acre Gibson Unit tract, which is made up of a 19.50 acre Peter Gibson tract and a 19.50 acre Peter C. and Joe F. Gibson tract of land. It is in the William E. Harris Survey.

Drillsite for Febco's wildcat, its NO. 1 Gibson Unit, will be 9,150 feet west of Wildcat bridge on the Brazos River. And it is about 10 miles southwest of Calvert.

The wildcat is permitted to 2,200 feet and is believed to have the Navarro as its objective.

There has been little or no drilling activity in that area of east Milam in recent years. Nearest production is across the Brazos in the Calvert area in Robertson County.

The Febco Corporation did a considerable amount of leasing in the vicinity of their new wildcat last spring and summer and have acquired a lease block of several thousand acres there.

COLLECTORS DREAM - Workmen excavating at the corner of 4th and Travis this week unearthed a cache of old bottles that are a collector's bonanza, Robert Durham, left, J. L. Durham, and Harry Broadway, all with Rayko Construction

Co. of Houston, are shown with some of the find. The light-colored ones held by Robert and Harry are thought to be over 100 years old, marked with a Glasgow, Scotland name and known as "crock bottles."

40 Alcoans Laid Off At Rockdale Works

Forty employees are being laid off at Alcoa's Rockdale Works, H. F. Chrisco, works manager announced.

Twenty-seven employees were laid off Monday, January 4 and effective Monday, January 11 (today) the remaining 13 were affected.

"As they are required, the persons laid off will be recalled under the terms of the labor agreement," Chrisco said.

Of the total affected, eight are from Rockdale, four are from Thorndale, three are from Cameron, and two each are from Austin, Bockholts, Gause, and Holland, and one each from 17 other Central Texas cities.

"Current aluminum market demands have caused a redistribution in the pro-

duct mix at Alcoa's Rockdale Works," Chrisco said, explaining the force reduction.

"This force reduction has been brought about because there is current high customer demand for certain metal forms that require fewer people to produce," he added.

The cutback at Rockdale Works is not the only current one for Alcoa. About four months ago 170 employees were laid off at Alcoa's Tennessee Operations when a 25,000-ton potline was taken out of production and the construction schedule of a new super line was stretched out.

Both actions were taken to bring primary metal production into closer balance with the market demand for aluminum, Chrisco said.

Two months ago Alcoa officials in Pittsburgh disclosed the rescheduling of the 1971 of the planned startup of two new 50,000-ton potlines at Warrick, Indiana. Operations due to current economic conditions.

"Locally, however," according to Chrisco, "the 1970 record metal production year at Rockdale saw us complete the staffing of our eighth, and newest, potline -- which boosted our employment total to a record 1750 in late 1970."

Contracts Let For R-L School

Rosebud-Lott school trustees awarded contracts for construction of a new Jr.-Sr. high school Wednesday night. The new facility for seventh through twelfth grade students will be built at Travis, mid-way between Rosebud and Lott.

Bartex Inc. of Dallas was awarded the contract as general contractor on a base bid of \$595,800. Successful subcontractors were Hall Plumbing of Ft. Worth, \$88,280; Mitchell Electric of Waco, \$94,391; Lockridge-Priest (heating and air-conditioning) of Waco, \$83,125.

Earl Cook, superintendent of Rosebud-Lott schools, said the trustees "were very pleased with the bids. They were low enough to allow us to go ahead with most of our alternate plans and still stay within our budget," Cook said.

Alternates include an upper level or balcony in the communications area, a covered physical education area, a vocational building, gymnasium court surfacing (wood or tartan synthetic), football field and track, bleachers and lighting system.

Cook said the school would be built on the 45 acre tract where the now abandoned Travis school building stands. He said bids would be called for demolishing the two story brick Travis school building next week.

He said the new 66,000 sq. ft. school would be of woodrock and brick construction in a modern, one-story design. Construction is due to start in the next 10 days and contractors estimate it will be completed by mid-September.

"We will probably open school in our present buildings for fall 1971," Cook said, "and transfer into the new building as soon as it is completed and accepted by the trustees."

Cook said the school is planned for a maximum 750 students.

Planning for the new school came after an election last year to consolidate the Rosebud and Lott school districts. The combined district approve a \$1.3 bond issue for the new building in January 1969.

Tragedy Claims Mother, Baby At Friendship Home

Death by heart attack and accident were ruled Thursday evening by Justice of the Peace Jess Brock in the deaths of a Friendship mother and her baby.

Mrs. Bennie Jean McCormick, 40, apparently suffered a heart attack Thursday while feeding her 6-month-old daughter Jane and fell, crushing the baby's chest.

Brock said the tragedy was discovered by another daughter, Deborah, 17, when she arrived home about 5 p.m. She had been gone from the house about an hour, and found her mother and the baby both dead.

Mrs. McCormick was feeding the baby near the fireplace and fell forward on the brick and concrete hearth. Neighbors told Brock and Sheriff Carl Black that Mrs. McCormick had been suffering from heart trouble for several years.

The McCormick home is about seven miles southwest of Buckholts, in the Friendship community.

Funeral arrangements were pending Friday at Goodnight Funeral Home in Bartlett.

Frosh Win Twice As Midway Drops Yoemen, 61-51

Cameron freshman won two games Friday in a Belton Junior High tourney while the varsity Yoemen lost to Midway, 61-51 before a large home crowd at Yoe Gym.

Robert Brashear hit 23 points on seven field goals and nine free throws for the effort while Tom Corley led Midway efforts with 19.

The Yoe Frosh defeated Copperas Cove, 73-47 after trouncing Belton in a first round contest, 53-39.

The Belton freshman tourney continued through Saturday with Cameron one of the favorites to bring home the championship from among the 12-field Central Texas field.

County MOD Kickoff

The 1971 March of Dimes Kick-Off dinner will be held 7:30 p.m. Monday, January 11, in the Western Room of the Texan Cafe, Cameron. All community workers from throughout Milam County are urged to attend to receive instructions and supplies.

Area Roundup Caldwell Man Is UTA Coach

CALDWELL

John Symank, a native of Caldwell, Texas has been named head football coach at the University of Texas at Arlington, Symank, 35, is a former defensive halfback with the Green Bay Packers, resigned as coach of Northern Arizona University to accept the Texas post. His wife is the former Sariam Bowers, daughter of Mr. and Mrs. Richard A. Bowers of Caldwell, (see complete story and picture inside).

Bid Let On R'dale Church

ROCKDALE

The First Baptist Church of Rockdale accepted a bid of \$174,700 by Quebe Construction Co. of Taylor for construction of a new church sanctuary, additional Sunday school classrooms and offices. The new auditorium is to be built on the site of the present one at Green and Bell streets. It will be of brick construction, semi-colonial style with four large columns at the front. Earl Billard of Austin is architect for the building program.

Hearne Head Coach Resigns

HEARNE

Ken Batson, head football coach at Hearne High School for the last 13 years, has resigned as coach and athletic director and asked to remain in the Hearne school system as a teacher. Batson, who has been a coach for 27 years, said he no longer enjoyed coaching and felt it was time to stop. Batson began his coaching career at Washington and Lee High School in Arlington, Virginia and was head football coach there for nine years. He was head coach at Livingston for five years before accepting the post at Hearne in 1957. He is a native of Nomangee.

Rest Home Opens Monday

ROSEBUD

Heritage House resthome in Rosebud will open Monday, January 18 with tentative plans for a formal dedication Sunday, January 17. The brick, 102 bed rest home is built in a "star" design with four wings joined to a central nurses station. The rest home, which is located across the street from Halbert Clinic and Hospital, will have a 12 room guest house and a cafeteria which will be open to the public. Principal owners are Dr. H. B. Halbert and Dr. J. S. Vardiman.

School Board Meeting Set For Tuesday

The Cameron school board will meet Tuesday, January 12 at 7 p.m. in the Ben Milam School office. Day for the meeting was changed from the usual Thursday.

The agenda will include opening bids on a new pickup, discussion of the superintendent's contract, and opportunity for a hearing on the school board's policy on disruption of school or school sponsored activities.

Nominations Open For Annual McCullin Award

Local clubs and organizations are invited to submit nominations for the 1970 McCullin Award to be presented at the annual Chamber of Commerce banquet in March.

The award, honoring an outstanding citizen, was donated in 1951 by Mr. and Mrs. A. W. McCullin to the Chamber of Commerce and the Business and Professional Women's Club.

Each year a secret committee meets and selects a winner from nominations received from clubs and organizations.

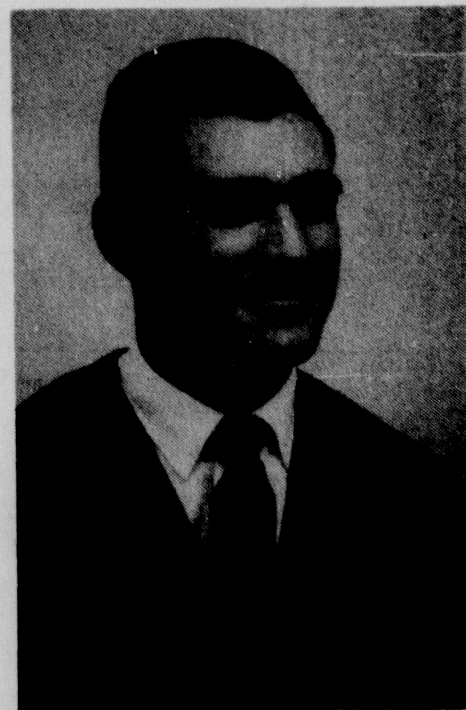

Every club and organization is invited to submit a nomination for the coveted award. Deadline for nominations is February 19. Nomination blanks may be secured at the Chamber of Commerce office or they will be mailed to interested persons upon request.

Honored with the award through the years have been:

E. A. Perrin, 1951; Rev. John Solomon, 1952; Mrs. Mark C. Magers, 1953; Jimmy H. Asher, 1954; Lester Williams, 1955; Ben H. Magness, 1956;

Mrs. Dana F. Monroe, 1957; Richard Moseley, 1958; Francis Cox, 1959; Dr. S. H. Richardson, 1960; Judge Don G. Humble, 1961; Narvie L. Caperton, 1962;

Forrest Sapp, 1963; Eugene Smitherman, 1964; Miss Mildred Thornton, 1965; Mrs. Bess Triggs, 1966; Albert Collins, 1967; Felix Matula Jr., 1968; and last year's recipient, A. W. McCullin Sr.

Building More Streets...

We congratulate Cameron City Council for pursuing the paving program in Cameron residential areas.

The improvements along newly developed areas like Newton Memorial Hospital, the 36-unit Cameron Housing Authority on West Sixth St., and St. Edward Hospital on Crockett are good examples of what good streets do for such an area.

And new residential streets on East Sixth, Seventh and Eighth Sts. are so superior to what other residential areas have, comparison is impossible.

As new housing develops throughout the community, the availability of good paving, curb and gutter assure even a greater pride in homeownership and maintenance.

These are obvious observations, but certainly the improvement this new paving program will encourage will go far beyond just new housing on lots.

We would be remiss in not citing Council leadership in this effort. After all the new highways to bring people to Milam County's seat, it is essential we have improved streets for residents and these visitors to use.

Streets are unquestionably one of Cameron's major needs. We encourage property owners sharing this foresight.

CIF Leading The Area?....

Cameron Industrial Foundation has a good record in industrial planning and development. It surely will continue.

Rockdale has one, if not the major Cen-Tex industry in Alcoa Aluminum.

Rosebud has one new plant, a home developed plant employing people from Cameron as well as the South Falls area.

Thorndale, Milano, Rogers, Buckholts (to name a few) all have residents working in area plants, or necessity with the dramatic changes in agriculture the past 10 years.

What would we have if there were a working relationship among these Milam area communities for industrial development, much like that proposed in Bell County for Temple, Belton and Killeen?

Executive vice president James Hestand, of Temple Chamber of Commerce, proposed a tri-city approach to industrial development in Bell County, because city boundaries there are dissolving in growth.

The two areas are different in numbers and development, but are their needs?

West Falls County has organized an industrial foundation. Caldwell about a decade ago organized one which was successful in locating two aluminum plants. Most other Milam area communities have benefited by their residents finding work.

It is worth exploring the possibilities of contact at least with these other area communities to avoid losing a plant interested in Cameron or any other town because some particular element may be missing in one community.

Cameron's success has been based on extraordinary cooperation among city, school, county and foundation.

The prospect of additional growth is encouraging when CIF might establish a liaison with these other communities and organizations for improvement of the entire Milam area.

Myers New Tejas Scout Chairman

George J. Myers of Rockdale has taken on duties as District Chairman of the 683 Scout-member Tejas District of the Heart of Texas Council, Boy Scouts of America.

The Tejas District includes all Scouts in Milam County, and includes Calvert, Franklin, and Bremond Scouts in Robertson County. And, the District also covers Scouting in Rosebud and Westphalia in Falls County.

When he took over the position on January 1, Myers said that: "The Boy Scouts of America is truly one of the great organizations in our country. Everyone associated with the Scouting movement -- Scoutmasters, officers, and especially the Scouts -- can make great strides to assure continued progress and improvement in our way of life. I am proud and honored to be able to serve Scouts and America in this capacity."

Myers is Engineering and Power Manager at Alcoa's Rockdale Works, and was a Scoutmaster in Battle Creek, Mich., and an Assistant Scoutmaster in Davenport, Iowa.

The District's top post has been held by J. H. Greene of Rockdale for the past two years.

Lake Raven Renovated

HUNTSVILLE
Biologists completed a big step in the renovation of Lake Raven in Huntsville State Park near Huntsville.

The lake was drawn down 12 feet and rotenone was applied to kill the fish. The bottom was planted in rye and when the lake refills next spring, the lake will be restocked with catfish, bass and threadfin shad.

The Texas Parks and Wildlife Department personnel working on the renovation said the dominant species in the 215-acre lake was gizzard shad. A few catfish were recovered.

Biologists say the rye will provide fertilizer when the lake refills and will hold down turbidity.

Other outdoor recreational opportunities at Huntsville State Park have not been affected by the drawdown.

Obituaries

Mrs. Flinn

Mrs. E. A. Flinn, 92, died in a local hospital Thursday afternoon after a short illness.

Mrs. Flinn was born October 20, 1878 in the Jones Prairie community and lived in Cameron all her life.

She was a member of the First Baptist Church and was a Sunday School teacher; a member of the Delphian Club and the Cameron Garden Club.

Funeral service was held at 10:30 a.m. Saturday at the family residence, 902 East 7th St., the Rev. Fred Swearingen and the Rev. J. E. Lafferty officiating. Burial was in Oak Hill Cemetery.

Surviving are three sons, F. E. Flinn of Corpus Christi, Glenn H. Flinn of Tyler and J. E. Flinn of Cameron; three daughters, Miss Katherine Flinn and Miss Helen Flinn, both of Cameron, and Mrs. Harriet Flinn Craig of Austin;

Also, a sister, Miss Ethel McKinney of Cameron; five grandchildren and six great grandchildren.

Marek-Burns-Laywell Funeral Home was in charge of arrangements.

Pallbearers were Hilliard Thomas, Bill Wallace, Niley J. Smith, Dick Craig, David Craig, Robert Womble, Scott Swearingen, and Charles Boswell.

Mrs. West

Mrs. Lillie West, 89, of Rockdale, died Thursday in a Rockdale hospital after a long illness.

Funeral service was held at 2 p.m. Friday in the chapel of Phillips and Luckey Funeral Home, the Rev. D. D. Simpson officiating. Burial was in the IOOF Cemetery.

Surviving are five daughters, Mrs. W. I. Skinner, Mrs. Gertrude Wattle and Mrs. O. L. Gee, all of Rockdale, Mrs. L. M. Roach of Midland, and Mrs. A. G. Dockall of Goldsmith; a sister, Mrs. E. H. McGalun of Sweetwater; seven grandchildren, ten great grandchildren and a great great grandchild.

O. C. Gilbert

O. C. Gilbert, 81, a resident of Rockdale since 1936, died Wednesday at his home.

Mr. Gilbert was a Baptist and a Mason.

Funeral service was at 2 p.m. Thursday at Phillips and Luckey Funeral Home chapel, the Rev. D. D. Simpson officiating. Burial, with Masonic graveside services by Rockdale Lodge 414, AF&AM, was in the IOOF Cemetery.

Surviving are his wife, Mrs. Autie B. Gilbert; two sons, Floyd Gilbert of Dallas and Lloyd Gilbert of Winters; two daughters,

Mrs. A. H. Becker of Haskell and Mrs. Clifford Bartlett of Rockdale; his step-mother, Mrs. Bettie Gilbert; five half brothers, Homer, Elmer, Hollis and Lester Gilbert; a half sister, Mrs. Ina White; seven grandchildren and seven great grandchildren.

Mrs. Kachtik

Mrs. Nettie Kachtik, 70, died Tuesday night at her home in Cameron after a short illness.

A native of Gause, Mrs. Kachtik had lived in Cameron for the past 69 years.

Funeral service was held at 2 p.m. Thursday in the chapel of Marek-Burns-Laywell Funeral Home, the Rev. Alvis Coleman officiating. Burial was in the Gause Cemetery.

Surviving are her husband, Albert Kachtik and a son, Monroe Corbin, both of Cameron; a daughter, Mrs. Pauline Rosencrans of Los Angeles, Calif.; a brother, J. D. Watson of Corpus Christi; nine grandchildren and six great grandchildren.

Her nephews were pall bearers.

Firemen's School Set At A&M

COLLEGE STATION

The Firemen's Training School at Texas A&M University still has several vacancies for its Jan. 18 recruit school, reports instruction supervisor David White.

Recruit and probationary firemen from cities and industry are eligible for the six-week on-campus course.

White, former McAllen Fire Department training officer, noted classes are limited to 16. Total cost for registration, meals and housing is \$244, he pointed out.

Veteran firemen claim the recruits receive approximately two years of on-the-job training during the six-week school.

Recruits receive training in ladder evolutions, hose loads, forcible entry, ventilation procedures, use of breathing apparatus, pump operations, sprinkle and standpipe systems as well as first aid and driving emergency vehicles from the Texas Department of Public Safety.

White said most of the instruction is outside the classroom in actual field conditions. The men also receive extensive training in fighting all types of fires.

Recruit classes are conducted on a continuous basis except during the summer months, White added.

Dorton Is R'bud Bank V-President

Lester F. Dorton, Jr. of Waco has been named vice president of Rosebud First National Bank.

He was an assistant cashier of the American Bank of Commerce at Victoria for four years and for the past two years has been a State bank examiner.

A native of Merkel, he was a marketing major at Abilene Christian College where he received a Bachelor of Science degree.

Dorton is married and has four children.

Greetings,

Thomas Stalworth Henderson Hallberg, 8 pounds 12 ounces, born December 26 at Edna Gladney Home, Ft. Worth and adopted by Mr. and Mrs. Parker F. Hallberg. Grandparents are Mr. and Mrs. John B. Henderson, Sr. of Cameron and Mr. and Mrs. Franklin H. Hallberg of Bryan, Ohio.

THE CAMERON HERALD

Sharp, Tracy, Friendship

By Mrs. Leroy Guillote

Well, the holidays are over, and my home joins all the many others in seeming so quiet, still and kinda empty with company gone. Charles flew out of Houston Sunday morning, at seven.

We spent about three hours with him in the airport, which sure had lots of service boys, returning to their bases after being home with their folks.

Would you know, that one mother, after seeing her sailor son off, came down the hall crying? Of course, she probably hasn't had six sailor sons, like us, so doesn't know how to be so calm about seeing them leave.

Anyway, I found out that the moisture on my face was really

rain, even if there has been such little rain around here we hardly know what it is.

Mr. and Mrs. Don Pruitt of Houston spent the weekend in their Friendship home.

Guests of Mr. and Mrs. Rome Shelton were his nieces from Nolanville, Mrs. Arelia Guess and Mrs. Jeanette Moran. Mr. and Mrs. Frank Likes, Jr. and Lori also visited the Sheltons.

Doyle Doskocil spent a week with his grandparents, Mr. and Mrs. J. T. Shelton.

Mr. and Mrs. J. D. Pope spent the weekend in Austin with John, Betty and granddaughter, Melissa.

Mr. and Mrs. Emory Brockenbush, their daughter, Peggy and his mother, Mrs. Mattie Brockenbush drove to Houston to Mr. and Mrs. Bill Greens. Mrs. Mat-

tie Brockenbush stayed with the Greens.

Mrs. Garian Lawrence was taken back to Seton Hospital, by her parents, the Stephens from Kerrville. Mrs. Lawrence and daughters were with them for the holidays.

The Annis family and Miss Linda Coffman of Plano spent the weekend with their folks. Mr. and Mrs. Howard Coffman.

Rev. and Mrs. Jesse Wilson of Edinburg are staying for a few days with his parents, Mr. and Mrs. Jesse Wilson Sr. Rev. Wilson will hold services at the Hillcrest Baptist Church in Rockdale.

Mr. and Mrs. Homer Pope and Mrs. Mabel Charles drove to Houston to bring their little granddaughter home, after she spent several days with them, while her brother, Niel had surgery on his leg. Niel is recovering real good.

Mr. and Mrs. Willis Williams of Greenville visited with her folks, Mr. and Mrs. Bill Roessler and sons.

Wednesday, we were in Galveston, where I had a check-up. We were lucky enough to see Mrs. Adle Styx, sister of Mrs. Curtis Rhodes. Mrs. Styx, formerly Walker, born and raised in the Friendship community. This is really a statement of praise for The Cameron Herald, since we were told that the folks from our area, now in Galveston, eagerly waited for the Cameron paper every week.

Mrs. George Young was the hostess Wednesday for the Tracey - Duncan Home Demonstration Club meeting.

St. Monica's Ladies Meet, Hear Reports

St. Monica's Ladies Society held its regular monthly meeting Tuesday night, with the president presiding and Fr. Geiser opening the meeting with prayer.

On December 8 three new members were formally enrolled in the Society.

Members heard committee reports, including one on the annual clothing drive, which reported 1,000 pounds of clothing collected and distributed locally.

Eight ladies helped with the Dec. 6 measles vaccination clinic, and six worked at the blood bank. Christmas baskets for eight families and 17 cheer baskets were prepared and delivered before Christmas, and the Society provided Christmas flowers for the church.

Members were reminded that it is time to pay Society dues. At the February meeting, chairmen are to give their annual committee reports and new officers will be elected.

Personal Mention

Mr. and Mrs. J. A. Jedlicka of Rt. 1 have returned to Cameron after visiting with their son and family, Mr. and Mrs. Joseph Jedlicka in California. They spent eight days visiting and enjoyed seeing Disneyland and other places of interest.

College Notes

BETTYE WHITLEY
Bettye Whitley, daughter of Mrs. Alice M. Schmidt of Cameron, has been accepted into the membership of Alpha Lambda Delta at Baylor University.

She was one of 33 coeds initiated in the national freshman women's honorary society in ceremonies Dec. 7. Membership is extended to women who earn a 3.5 grade point average during their first or second semester of college work or who maintain a 3.5 average for the two semesters.

Miss Whitley, a 1969 graduate of Yoe High School, is a mathematics major at Baylor.

Garden Club Will Meet

Mrs. Charles Chandler will be guest speaker for the Fleur de lis Garden Club meeting Tuesday night. The Club will meet at the home of Mrs. Frank Luecke at 7:30 p.m.

Program topic will be Art in Flowers.

CLEAN HOUSE WITH HERALD CLASSIFIDES

It isn't Math, History or English. But it's just as basic.

To earn a living, he needs the old fundamentals. To keep on living, he must learn the right way to drive. Yet only one out of three high school students takes a driver education course. Too bad. Automobile accidents are the number one killer of American teenagers.

How important is driver education? Well, it's important enough that trained drivers have 50% fewer accidents and traffic violations. Important enough that many insurance companies offer lower rates for teenagers who have completed driver training. And important enough that new car dealers across

the nation loan 34,000 automobiles every year to our public schools for driver training.

It's your responsibility to help make sure your teenager takes the proper subjects in school. So make sure driver education is one of them. Where it's not available, we suggest that you consider a good private driving school.

When it comes to preparation for living, learning how to drive safely really is basic.

National Automobile Dealers Association
Official organization of America's franchised new car and truck dealers - Washington, D.C.

One in a series presented by N.A.D.A., this newspaper, and the new car dealers of our community.

Market Report

Cattle and calves receipts to-
taled 825 Thursday at Cameron
Livestock Auction, compared to
300 last year. The run included
around 85 percent feeder cattle
and calves, 10 percent slaughter
cows, remainder mostly slaugh-
ter calves and bulls.
Slaughter bulls were steady
to 50 higher, slaughter calves
steady with spots 50 higher.
Feeder steers were steady to
50 higher, steer calves 50 to
100 higher on choice.
Feeder heifers steady, heifer
calves steady to 50 higher on

choice 180-250 lbs. Stock cows
were fully 2.00 higher.
Prices paid included:
Slaughter cows utility and com-
mercial 20.00 to 23.00; cutter 18
to 20.75; canner 16 to 18; slaugh-
ter bulls u and c, 25.90 - 28.20;
cutter 24.10 - 26.70; slaughter
calves good 28.50 - 30.25;
Feeder steers - choice 42.50
- 45.; heifers - choice 33. - 36;
feeder bulls good 28.25 - 31.75;
cow and calf pairs choice 240.
- 264.
Hog receipts totaled 580, with
barrows and gilts steady to 50
higher. US 1-3 grades brought
16.10 - 16.70. Sows, weak spots
1.00 lower; boars 6.50 - 8.40.

BUSINESS REVIEW

Schillers Pharmacy - 58 Years Service

No one can remember a time
when there was no pharmacy
at 106 S. Houston, where E. O.
Schiller Pharmacy is located.
Since 1885, a drug store or
pharmacy, 58 of those years
Schiller's, has dispensed reli-
able service and first-line pro-
ducts at this location.

Today, E. O. Schiller Pharm-
acy is a two-pharmacist drug,
gift and notion center, its wares
modern amidst a modern lighted
building and antique shelving.
E. O. Schiller, Jr., operates
the well stocked center for pro-
fessional pharmacy and services
bearing both his and his father's
name, who assists in the daily
operation.

Since remodeling in 1962, ex-
clusive lines in cosmetics for
men and women and fragrances
for women at Schiller's now in-
clude Helena Rubenstein, Fab-
erge and English Leather.

Gift items include a Justin
line of billfolds and related leath-
er goods and the Parker line of
pens, pencils and ballpoints for
the discriminating shopper.

Pharmaceuticals worked from
doctors' prescriptions are the
finest and carefully prepared by
Schiller staff pharmacists.

The list of brand-name items
for home and family use is en-
dless along Schiller shelves. Re-
liability and value are first con-
siderations on any item stocked
at Schiller's.

A full line of pocketbooks and
magazines gives the reader a
mini - library to choose from.
Separate racks for detective,
Western and fiction and non-
fiction allow ample selection on
the latest novel or action-packed
detective novel. Non - fiction
books are quite available.

Another Schiller feature is

photo finishing service where
black-and-white film is process-
ed and ready for the customer
in two day minimum and color
film in five-day minimum. Prices
are reasonable. Quality is guar-
anteed.

Oscar Schiller, himself em-
ployed at Schiller's since 1915
serves on customers and Mrs.
Clara Biskup assists buyers
needing gifts and personal no-

tions throughout the store.
Both Schillers produce pre-
scriptions to doctors' require-
ments.

They can also point to an area
behind the present store, a half
level higher, where Drs. Epper-
son and Sapp used to office.
After World War II, the space
once occupied by medical doc-
tors and building owners was
closed off from active use.

Ed Schiller, Jr., completed
his degree in pharmacy at the
University of Texas College of
Pharmacy before going into the
service. He returned after the
War to enter the pharmacy pro-
fession in the family store.

And this Schiller Pharmacy is
a family store which serves needs
of each member of your family in
a tradition that continues with
pride.

TRADITION of fine, modern pharmacy serv-
ice established by E. O. Schiller, Sr.,
(foreground) more than 50 years ago con-

tinues today with E. O. Schiller, Jr. (right)
and drug and cosmetic employees (from
left) Oscar Schiller and Mrs. Clara Biskup.

YOUR DRUG STORE

Maybe you have never thought of us in this way,
but in many respects this is your drug store. It's
yours when your doctor wants to check your medi-
cation record and asks, "What's your drug store?"
Or when he wants you to have a new prescription
and asks, "What's your drug store?" And this is
your drug store when you want to check the instruc-
tions on your child's medicine, or when you need to
know for tax purposes how much you spent on medicine
last year.

Anytime you want reliable, professional help in
matters of prescription medicine and health aids,
think of us as your drug store.

LEGAL NOTICE-

NOTICE OF HEARING ON SPECIAL BENEFITS TO BE RECEIVED FROM PROPOSED STREET IMPROVEMENTS, AND ON OTHER MATTERS WITH REFERENCE THERETO, WHICH HEARING IS TO BE HELD IN THE COUNCIL CHAMBER OF THE CITY HALL OF CAMERON, TEXAS, BEGINNING AT 5:30 P.M., ON THE 2nd DAY OF FEBRUARY, 1971.

To all owners and to all persons owning or claiming any interest in or lien upon any property abutting on the streets or avenues or portions thereof of the City of Cameron, Texas, hereinafter named, within the limits hereinafter set forth, and to all other interested parties and to their agents and attorneys:

YOU ARE HEREBY NOTIFIED that the City Council of the City of Cameron, Texas, has determined the necessity for and ordered the improvement of certain streets and avenues or portions thereof hereinafter described within the limits hereinafter defined, the nature of which improvements is hereinafter generally set forth; and that said City Council has approved and adopted the estimate, statement and report of the City's Engineer and has taken other proceedings with reference to the making of such improvements, all of which are of record in the Minutes of said City Council, and has by ordinance ordered that a hearing be held, and notice thereof given.

NOW THEREFORE, PURSUANT TO SAID PROCEEDINGS AND SUCH ORDINANCE, NOTICE IS HEREBY GIVEN

I.

That a hearing shall be given to the owners and to all persons owning or claiming any interest in or lien upon any property abutting the streets and avenues or portions thereof of the City of Cameron, Texas, hereinafter named, within the limits hereinafter set forth, and all other parties interested in any of such properties including their agents and attorneys before the City Council of the City of Cameron, Texas, which hearing shall begin on the 2nd day of February, 1971, at 5:30 o'clock P.M., and shall be held in the Council Chamber of the City Hall of Cameron, Texas, at which hearing all of said owners and other interested parties, their agents or attorneys, shall have the right to be heard on any matter as to which hearing is a constitutional prerequisite to the validity of any assessment sought to be imposed and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting properties and the owners thereof by means of the improvements for which all of such assessments are to be levied, the cur-

curacy, sufficiency, regularity and validity of the proceedings in connection with any such improvements and proposed assessments, or concerning any matter or thing connected therewith.

The said hearing may be continued from time to time and day to day until a fair opportunity for hearing has been afforded to all desiring to contest the said assessments or proceedings, and the City Council shall have the power to and shall correct any errors, inaccuracies, irregularities and invalidities, and shall have the power to and shall supply any deficiency and shall determine the amount of assessments and all other incidental matters, and shall have the power by ordinance to close such hearing, and by the same or by a later ordinance or ordinances to levy such assessments before, during or after the construction of such improvements, but no part of any assessment against abutting properties shall be made to mature prior to acceptance by the City by ordinance of the improvements abutting the property for which the assessment is levied. It shall not be necessary to levy all of the assessments at one time or by a single ordinance, and said hearing may be closed as to each portion of a street or avenue constituting a unit of improvement (as such units are designated below), after a fair opportunity for hearing has been afforded to all desiring to contest the assessments proposed to be levied against the owners and their properties abutting on a portion of each such street or avenue constituting a unit of improvement; and the City Council shall then have the power to levy such assessments against such abutting properties and against the owners thereof, as provided herein and in the prior proceedings of the City Council herein referred to. No assessment will be made against any abutting properties or the owners thereof in excess of the special benefits to such properties and their owners in the enhanced value thereof by means of such improvements as determined at such hearing. All of said owners, claimants, and other interested parties, their agents or attorneys, are hereby referred for further information to the proceedings with reference to said improvements on file and/or of record with the City Secretary of the City of Cameron, Texas, and particularly to the estimate of the City's Engineer, and to the proposed assessment roll wherein the exact amount proposed to be assessed against each abutting property and the owner thereof is set forth; said City's Engineer's estimate and said proposed assessment roll being on file in the office of the City Secretary.

II.

The nature of the improvements for which assessments are proposed to be levied and to which this notice relates is the excavating, grading, filling and permanently paving or repaving and repaving or straightening and widening, if necessary, of the hereinafter described streets and avenues or portions thereof, within the limits below set forth, so as to cause said streets and avenues to be paved to the width set out below, from back of curb to back of curb, where indicated, and the construction of six-inch curbs and gutters, where there is no existing curb and gutter which can be utilized and where there is existing curb and gutter which can be utilized by the reconstructing and realigning of same, where necessary, and the construction of such other necessary incidentals and appurtenances as the Engineer in charge of such construction has found to be necessary and advisable, all as shown by the plans and specifications of the City's Engineer; the exact nature of such improvements being more particularly shown in the plans and specifications which are on file in the office of the City Secretary of the City of Cameron, Texas. Said permanent paving shall consist of hot mix asphaltic concrete surfacing, 1-1/2" thick on units 2, 3, and 6; 1" thick on units 4 and 5. Units 1 and 7 shall be paved with one course inverted penetration paving process. All the above seven units shall be paved on a 6" flexible gravel base.

III.

The streets and avenues or portions thereof to be improved within the limits designated by the City Council are listed below as they have been divided by said City Council into separate and distinct improvement units. There is stated in connection with the listing of each street and avenue or portion thereof within the limits herein defined constituting each improvement unit the estimated amount per front foot to be assessed against the owners of properties abutting such street or avenue or portion thereof and such properties, and the estimated total cost of the street improvements in each improvement unit and the width of paved surface to be attained from back of curb to back of curb where curb is used, and otherwise width of pavement only. In units 2, 3 and 6 there is included in the estimated amount per front foot proposed to be assessed against abutting properties and their owners thereof approximately \$1.40 per linear foot for curb and gutter. In the event there is adequate existing concrete curb and gutter abutting any one or more of the prop-

erties being improved, which curb and gutter can be utilized without reconstruction or realignment, such curb and gutter abutting such properties shall be utilized and no assessment will be levied against such properties or the owners thereof for curbs and gutters.

In units 1, 4, 5 and 7 no curb and gutter will be laid and the rates shown herein with respect to these units are for paving only.

The designation of such streets and avenues or portions thereof and such other information is as follows:

COLUMN I

Unit, Street or Avenue and Description

COLUMN II

Width of Pavement

COLUMN III

IV.

The City reserves the right to omit the improvements in front of any properties any interest in which was exempt from the liens of special assessment at the time the street improvements were ordered, and further reserves the right to omit the improvements to entire units or blocks therein where one or more properties therein are exempt from the lien of the assessment and the owners fail or refuse to execute valid mechanics' lien contracts fixing valid contractual liens against such properties, or to otherwise secure the payment of their share of the costs of such improvements, and any such omissions will not invalidate the lien or liability on assessments made against the properties abutting any streets or avenues or any portions thereof being improved.

DONE BY ORDER OF THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS, IN WITNESS WHEREOF WE HAVE HEREUNTO SET OUR HANDS AND THE SEAL OF SAID CITY ON THIS, THE 5th DAY OF January, 1971.

/s/ E. A. Perrin
Mayor - City of
Cameron, Texas

ATTEST:
/s/ J. P. Fuller
City Secretary 86-3tc

LEGAL NOTICE-

THE STATE OF TEXAS, ET AL VS. CLARA MAE WASHINGTON, ET AL. TO: CLARA MAE WASHINGTON, GEORGE THOMPSON, FREDDIE LEE WASHINGTON, AND FRANCIS VIRGINIA WASHINGTON, WHOSE RESIDENCE IS UNKNOWN, OR IF THEY BE DECEASED, THEIR HEIRS AND LEGAL REPRESENTATIVES, WHOSE NAMES AND PLACES OF RESIDENCE ARE UNKNOWN.

You are hereby commanded to appear at the hearing before the Special Commissioners appointed by the Judge of the County Court of Milam County, Texas, to assess the damages occasioned by the condemnation of the hereinafter described property, to be held in the County Courtroom of the Milam County Courthouse in the City of Cameron, Milam County, Texas, at 10:00 o'clock A.M., on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say 10:00 o'clock A.M., on Monday the 22nd day of February, 1971, and answer the petition of the State of Texas and the County of Milam, Plaintiffs, in the suit styled THE STATE OF TEXAS, ET AL VS. CLARA MAE WASHINGTON, ET AL, wherein the State of Texas and the County of Milam are Plaintiffs, and Clara Mae Washington, George Thompson, Freddie Lee Washington, and Francis Virginia Washington, whose residence is unknown, or if they be deceased, their heirs and legal representatives, whose names and places of residence are unknown; are Defendants, which petition was filed with the Judge of the County Court of Milam County,

Texas, on the 21st day of December, 1970, and the nature of which suit is as follows:

The Suit is a proceeding in eminent domain in which the State of Texas and the County of Milam is condemning, at the request of the State of Texas for highway and right of way purposes, which are public purposes, the following described tract of land situated in Milam County, Texas, to-wit:

Being 0.022 acres of land, more or less, out of and a part of that certain 1.394 acre tract of land lying and being in the A. W. Sullivan Survey, Abstract No. , in Milam County, Texas; said 1.394 acre tract being the same land described in a deed from G. A. Minter, et ux to George Thompson, et al, recorded in Volume 206, page 447, Deed Records of Milam County, Texas; said 0.022 acre parcel being more particularly described by metes and bounds as follows:

COMMENCING at the northeast corner of the Sug Thompson Estate 0.5 acre tract, same being on the west property line of the A.M.E. Church 1.0 acre tract,

THENCE along the common line of the Thompson and Church tracts South 30°01' East a distance of 167.5 feet; South 30°01' East a distance of 9.5 feet to a point on the existing north right of way line of present US Hwy 79,

THENCE along said Hwy right of way line South 52°42' West a distance of 108.5 feet to a point, said point being the southeast corner of the George Thompson Estate called 1.394 acre tract, same being the southwest corner of the Sug Thompson 0.5 acre tract for the PLACE OF BEGINNING,

THENCE continuing along said Hwy right of way, same being common to south property line of this tract South 54°02' West a distance of 51.5 feet; South 51°52' West a distance of 111.9 feet to a point, said point being the southwest corner of the George Thompson Estate tract, same being on the east right of way line of a county road,

THENCE along the west property line of this tract North 30°31' West a distance of 5.0 feet to a point on the proposed north right of way line of US Hwy 79,

THENCE along the proposed north right of way line North 51°29' East a distance of 162.9 feet to a point on the east property line of this tract, same being on the west property line of the Sug Thompson Estate tract,

THENCE along the common line of the said Thompson tracts South 37°44' East a distance of 8.0 feet to the PLACE OF BEGINNING, and

The parcel herein described contains 0.022 acres of land, more or less.

You are notified that said hearing has been set for the above stated hour, date and place, and to appear at same and present such evidence as you may wish. You are further notified to appear and answer said petition on or before said date. If you desire to appear and answer before said date, do so at the Court Room of the County Court of Milam County, Texas, located in the Courthouse in Cameron, Milam County, Texas.

The interests of Clara Mae Washington, George Thompson, Freddie Lee Washington and Francis Virginia Washington, Defendants, and their heirs and legal representatives, if any; is that they either own or claim an interest in said property.

If this citation is not served within ninety (90) days after its issuance it shall be returned forthwith.

Given under our hands, at Cameron, Milam County, Texas, this 8th day of January, 1971.

Being 0.266 acres of land, more or less, out of and a part of that certain 12.0 acre tract of land lying and being in the Azra Webb Survey, Abstract No. in Milam County, Texas; said 12.0 acre tract being the same land described in a deed from W. G. Covington to Sterling Ferguson, recorded in Volume 50, page 339, Deed Records of Milam County, Texas; said 0.266 acre parcel being more particularly described by metes and bounds as follows:

COMMENCING at the northeast corner of the B. A. Cunningham 10.0 acre tract, same being the most westerly corner of the August Long 50.0 acre tract,

THENCE along the common line of the Long and Cunningham tracts south 31°16' East a distance of 812.1 feet to a point on the existing north right of way line of the Missouri Pacific Railroad,

THENCE along the existing said north right of way line of said railroad South 51°59' West a distance of 1,828.9 feet to a point, said point being the most southerly corner of the Holt Ward 4.0 acre tract, same being on existing right of way line of the present US Highway 79,

THENCE along the west property line of the said Ward tract, same being common to said Hwy right of way North 65°31' West a distance of 100.1 feet to the most southerly corner of the Sterling Ferguson Estate tract for the PLACE OF BEGINNING,

THENCE along the southwest property line of the Ferguson tract, same being common to said Hwy right of way North 65°31' West a distance of 153.5 feet,

THENCE North 51°59' East a distance of 170.2 feet to a point on the east property line of this tract, same being on the west property line of the Holt Ward 4.0 acre tract,

THENCE along the common line of the Ferguson and Ward tracts South 1°55' East a distance of 168.6 feet to the PLACE OF BEGINNING,

The

Boy Earns Dog: And That's News When the Boy is Marty Mim Mack

By ANN FORER

Everyone knows that boys and dogs were made for each other. Beginning when the first wolf was clever enough to see it would be more fun to play with man's cubs by man's fire than to howl at the cold moon above a mountain, boys and dogs have gone together like peanut butter and jelly.

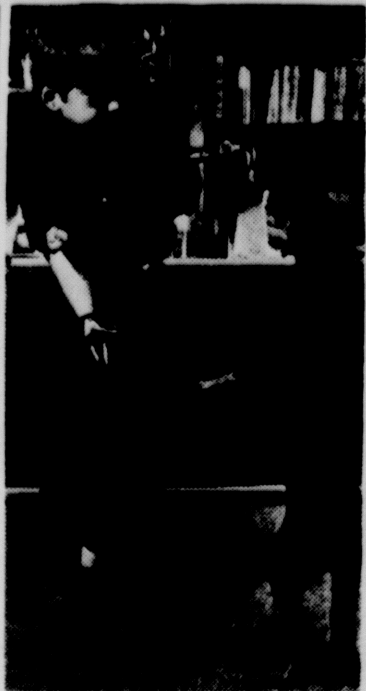

Marty Mim Mack, age 9, of Santa Clara, Calif., is just like any other self-respecting boy. He needed a dog. For it's not a question of wanting to have a dog; if you're a boy, you need a dog.

So Marty set out to earn his dog, because in the Mim Mack family there are six sons, and they all earn their privileges. Their father Bill, a Lockheed engineer, believes a little bit of self-reliance, a little bit of discipline, and a lot of love is the way to raise a family. The Mim Mack boys are well-known in their neighborhood as mowers of lawns, budding merchants (they'll sell you anything from an aquarium full of fish to a redwood planter for your garden), and as baby sitters.

Marty is the youngest of the Mim Mack brothers, and it's a little difficult for him to earn his pocket money. Even all of Marty's pep and determination and intelligence can't quite overcome the one overpowering fact of his life: Marty was born without arms and with a hip defect which makes one of his legs shorter than the other. Marty's not alone with his problem, though, for there are some 250,000 babies born in the United States each year with a significant birth defect. Not all of these are as shattering as Marty's, but they all make a difference to the kind of life those 250,000 babies a year can look forward to.

Persevering Pair

But this is not a story about birth defects. It's a true story about a boy who earned his dog in the best American tradition. Marty sold his toys. Just his old toys, of course, the ones he felt too grown-up to

TAKING TIME OFF from his duties as National Poster Boy for the March of Dimes, Marty Mim Mack, 9, Santa Clara, Calif., gives his dog, Liquor, a special treat. Liquor has a weakness for German salami, and here he receives a reward from Marty.

need any more. He hung on to the set of drums his mom and dad got him for Christmas. And by the way, if you think a boy with artificial arms can't make a racket with a drum, you're wrong. Just ask Bill and Gloria Mim Mack.

Marty has his dog now, a judicious combination of dachshund and miniature pinscher named Liquor. When a reporter asked why he had named the dog Liquor, Marty replied, "Why not?" The reporter decided to ask about something else.

Marty and Liquor are both achievers, and so they weren't content to just sit around and appreciate each other's company. They went off to obedience training classes together where they turned out to be the youngest dog and the youngest person in the class. Unawed, they went to school for weeks, and Liquor learned to heel and sit and stay so well that Marty's mother Gloria wishes she could take her

whole family to obedience training class.

"Now if I could just get Marty and the other boys to behave the way Marty has gotten Liquor to behave," she says, "life would be a lot more peaceful in our house."

Marty would like to practice obedience training with Liquor a little more often, but sometimes it's hard to do. For one thing, he has to wear a Milwaukee brace 20 hours every day to help correct a curvature of the spine which is associated with his hip defect.

Travel Goals

Marty is busy with other activities, too. He goes to school, where he is doing very well, even though he can't take his dog along. Every summer, he goes to the family camper with his parents and his brothers and they are off to the wilderness of British Columbia fishing and camping out. And then there is one other thing that takes up some of Marty's time.

He and his dad will be traveling around the country, telling people about The National Foundation-March of Dimes and the ways in which this voluntary health organization is aiming for its goal, which is the prevention of birth defects. Through programs of research and patient care, the Foundation hopes to wipe out one of America's most vicious public health problems: vicious because it strikes not toward the end of life but at the very beginning when the baby is still in the womb.

Great strides have been made in wiping out birth defects. Vaccines have been developed to protect against rubella (German measles), which can cause severe defects to the unborn baby if caught by a pregnant woman. There is also a vaccine for Rh blood disease, as well as new methods of treating those who are born with defects. But much more must still be done, and Marty Mim Mack wants to help see that it is done.

After all, any boy wants to be useful, even if it means leaving Liquor at home while he goes on tour. And Marty knows Liquor will be waiting when he returns.

TIC Reports Gains In New Texas Industries

AUSTIN—Despite an economic situation that kept the nation's populace holding on to all available pennies, more industries chose Texas for new plants in 1970 than in the rosier years of 1966-1968.

The Texas Industrial Commission reported that 319 new industries were located in the Lone Star State during 1970, second only to the record 1969 total which led the nation and made Texas number one in industrial growth.

"I must admit we are surprised with the total," Chester Wine of Corpus Christi, chairman of the Texas Industrial Commission, said upon hearing the figures. "We expected it to be quite low since the entire nation suffered economically during the year."

Jim Harwell, executive director of the TIC, said the 319 new plant locations compare with 309 in 1966 and figures in the 290 area for 1967 and 1968.

"We are especially pleased with these results because the total was located in the face of adversity," Harwell said. "I've always said that Texas has every natural resource any manufacturer would want and it is up to us to make sure that they find out about it. However, state-offered location incentives are becoming just as important."

As an example, Harwell said the Texas Industrial Commission and its allies were trying to attract industrial growth with

nine percent conventional money, while states with industrial incentive programs, including all states bordering Texas, were offering money as low as five or six percent.

He said 40 states now have an industrial incentive program of some kind.

However, the economic situation did show up in figures on industrial expansion in Texas. Wine said existing manufacturers generally held on to what

financing they had in the face of the tight money, with only 367 new plant expansions reported for the year.

This figure is the lowest during the past five years, compared with 505 in 1969, 444 expansions in 1968, 370 in 1967 and 437 in 1966.

EMPLOYMENT

Unemployment showed an increase during the year, but Texas was still better than the national average. Labor statisticians reported manufacturing employment down 52,000 jobs or 6.8 percent from November 1969 to November 1970, compared with a national figure showing a 7.4 percent decrease.

A spokesman for the TIC anticipated more layoffs during the first quarter of 1971 due to continued expiration of government contracts.

Major employment declines came in the areas of electrical machinery and transportation equipment, just as on the national scene.

The Industrial Commission, honored only last year by the U.S. Department of Commerce for work in export development with presentation of the coveted "E" Award, continued to increase in that area.

Latest figures from the Commerce Department indicate an increase of 25 percent in the past three year period, with \$1.5 billion in Texas goods being traded internationally.

During the year, the export division of the TIC added another unique feature to the trade mission.

The Governor's office led a group of 25 Texas manufacturers on a flying trade seminar/mission, allowing the Texas industrialists to learn first-hand of the ins-and-outs of trade with Mexico, and meet personally with prospective purchasers in that country.

Ex-Caldwell Football Star Named UTA Head Coach

John Symank, 35-year-old former defensive halfback with the Green Bay Packers, was named head football coach at the University of Texas at Arlington. He is a native of Caldwell.

Symank replaces Burley Bear-den who resigned in December. The new UTA head coach resigned as head of the coaching staff at North Arizona U. Flagstaff, to accept the Texas job. His two top assistants at Northern Arizona also resigned to move to Arlington with Symank.

Symank said his decision to move to UTA was influenced by the attitude of administration towards the schools athletic program.

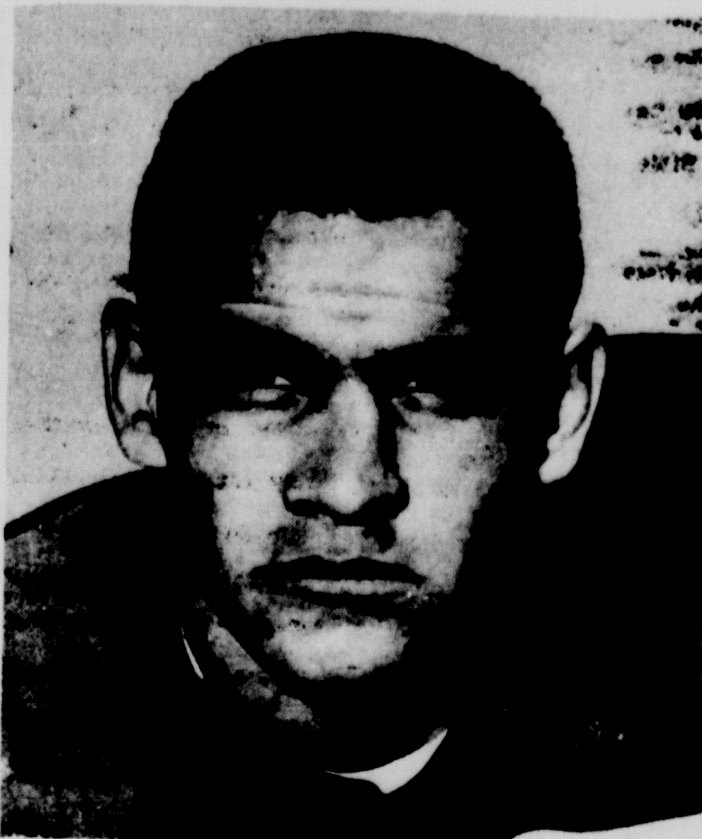

"You can look at next year's schedule with teams like TCU, New Mexico State, Toledo and right on down the line and see the program is on the upgrade," Symank said.

Symank attended UTA when it was a junior college and won All-American Junior College honors there. At Arlington he played on the Pioneer Conference Champion team of 1953 that posted an 8-1 record and on the '54 team that had an 8-2 record. He was co-chairman and most valuable back on the 1954 team. Transferring to the University of Florida where he was awarded a BA degree, he was a standout performer at running back.

From Florida, Symank went to one of pro football's most feared dynasties - the Green Bay Packers.

For six years - 1957 to 1962 - Symank was a defensive half-back with the Packers as the late Vince Lombardi was molding his powerhouse.

He played one season with the St. Louis Cardinals.

JOHN SYMANK

After his pro-ball player career, he was an assistant coach in the college ranks at Virginia and Tulane before serving as defensive backfield coach for the Atlanta Falcons for three years.

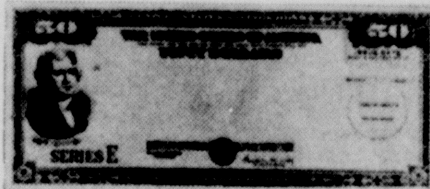

From Atlanta, Symank went to Northern Arizona as head coach in January 1969.

Eight members of Symank's college teams have entered the professional football ranks.

Symank played all sports at Caldwell High School and his former coach, Bud Cross, said "He was an outstanding boy possessing real leadership and a great ballplayer."

Symank is married to the former Miss Sariann Bowers, daughter of Mr. and Mrs. Richard A. Bowers of Caldwell. They have four children, Sally 15, Cindy and Susie 12 and John 8.

WHAT'S UNDERNEATH AN AIRPORT

Atlanta—(HK)—When your jet plane's wheels touch down, did you ever wonder if the ground beneath was completely solid? Brace yourself. Chances are that the ground is honey-combed with drainage pipe. If it wasn't, you could be landing in a swamp.

One of the major runways at Atlanta International Airport was cracking under the strain of constant landings and takeoffs. The decision was made to replace this 10,000-foot strip with a parallel taxi apron. The job had to be done in the shortest possible time because of the traffic problems it would cause.

Three firms combined into Atlanta Airport Constructors for the project. They received the contract based on completion within 40 days. Working day and night, the project was completed within the time stipulated.

STAND UP TO POUNDING

More than 80,000 feet of bituminous coated galvanized steel pipe was laid under the runway to ease the drainage problem. Pipe was set at a 45-degree angle pitched slightly to the side where more pipe, running along both

sides, draws off the water. It is then carried to catch basins away from the runways.

"We chose the perforated steel pipe because we knew that it would stand up to the pounding," said William Mentz, design engineer, "and that it would be flexible enough to stand the strain of settling."

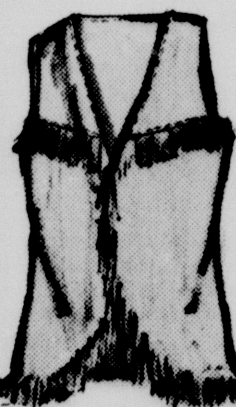

Forest Burned

Oregon, the most heavily timbered state, suffered 3,797 woods fires in 1970. Despite many hot, dry weeks, government and industry crews held losses to only 11,524 acres. Man caused 1,804 blazes, lightning 1,993.

Hidden Storage

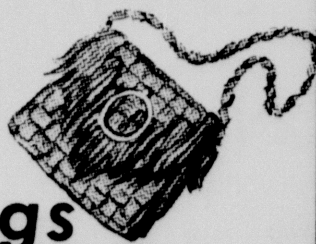

Dead space in a bathroom usually is behind the door. By building a tall shallow box with varied-height shelves, this space can be used to store bath soaps and towels.
